LANGUAGE DEVELOPMENT

understanding language skills

In building language skills, at EduKitchen & The ETI Academy we believe that it all starts with how we listen. Our listening skills are the foundation we need in building our skills. Speaking builds on listening, followed by reading, and finally writing. We explore the development of language skills through our ebooks demonstrating how to write essays.

PASSIVE SKILLS

listening & reading

Listening and reading are called passive skills because in these skills we absorb information. We are gathering knowledge in helping us to understand.

DETAILS ➤

ACTIVE SKILLS

speaking & writing

Speaking and writing are called active skills because in these skills we make use of the information we have gathered. We are sharing knowledge with the goal of helping others understand.
